Spring Clean-up

Spring has finally arrived after a long harsh winter. Now it's time to clean-up the community. For your convenience, dumpsters will be placed at Marriott Park and Slaterville Park from April 22-23. Please put all debris inside the dumpster, not on the ground. This is a complimentary service, please be considerate of others using the dumpster. No tires or hazardous material please. For junk cars, call the City Office at 801-627-1919.

Flood Safety Awareness

Flooding is the most common weather-related natural disaster in Utah, and especially Marriott-Slaterville. Nine of the last eleven major disaster declarations in Utah involved flooding. Floods can happen anywhere, so take time to prepare. Governor Herbert declared March 12-18 as Flood Safety Awareness Week. Prepare for floods by having flood insurance, avoiding areas prone to flooding, gather emergency supplies, keep important documents in a waterproof container, and pay attention to weather forecasts. Sand and empty sandbags are available at the city office. Report flood emergencies to 9-1-1.

Public Safety Update

With the warmer weather comes an increase of thefts and scams. Please beware of door-to-door solicitors and those offering to do yard work, this is often scam. Lock your vehicles, homes, and don't leave your garage open.

General Burning Regulations

The State of Utah issues burn permits. Burn permits are to be obtained online from the Utah Department of Environmental Quality at:
<http://www.airquality.utah.gov/Compliance/OpenBurning/index.htm>.

Yard burning requires a valid burn permit issued during the open burn window when the National Weather Service clearing index is 500 or greater. The burning of trash, rubbish, tires, hazardous material, or oil products is not allowed. Certain agriculture burning of ditches and fence lines may be allowed at other times.

The spring burn permit window is March 31 to May 30. The fall burn permit period is September 15 to October 30, if approved by the state forester. You cannot obtain a burn permit from the state until the burn window begins. For questions, call the Utah Division of Air Quality at 801-536-4000 for more information.
